Deputy Director for Support

HQ

I have had further discussions with the Director about the purchase of a new limousine and he has decided that we should not press this issue at this time. We therefore should take all necessary and appropriate steps to ensure that the limousine he now uses is kept in excellent condition because we may well be using it for a long time to come.

Dear Mr. White

After carefully considering your request of 26 July 1965, we have again reached a decision not to expand our courtesy limousine service. This is a continuation of our policy established in 1961, which we advised you at that time governed our decision.

We recognize the desirability of a car of this type for your activity and are sorry that we will be unable to participate.

Very truly yours
